

Free Kids Puzzles No.1

COLOUR SUDOKU 1

To solve a **Sudoku** fill-in the numbers 1-9 so that each number appears once only in each **row** going across (↔), **column** going down (↓) and each **block of 9** small squares.

In this puzzle there are also **nine** different **colours**, each with **nine** squares and the numbers 1-9 must appear once only in each **colour**.

To help, we have given you all the numbers you'll need around the outside of the puzzle. Cross them off as you fill them in.

									1	5	6	7	9	7	5	6	
1		3	7	5	1	8		2									2
5	2							8	7	5							4
6	4		5	2		7			3								9
7	3	5	6			2	4			8							8
9	1	2		4	6	3			5	9							9
1	9		4	1				2	6	3							3
2		9		8		6	5			1							4
5	8	4	2							7							9
		6		7	4	9	3	8									
	1	3	4	6	7	8	1	3	8
